

HUSQVARNA SNOW BLOWERS

MEDIUM DUTY

HUSQVARNA MEDIUM-DUTY SNOW BLOWERS

Designed for homeowners who need a high-performance snow blower with the capacity to clear snow from large driveways and paths, 200 Series machines are ideal for medium-duty and occasional use in all snow conditions. Improved ergonomic design, adjustable handle with heated hand grips, multi-function dashboard and adjustable skid shoes provide optimum comfort and convenience.

IDEAL FOR APPLICATIONS INCLUDING:

- Large driveways and paths

TWO-STAGE SYSTEM

Snow is fed into the housing by an auger and then discharged through the chute by an impeller.

HANDLE HEIGHT ADJUSTMENT

For improved ergonomics.

FRICTION DISC TRANSMISSION

For easy speed changes depending on snow conditions.

POWER STEERING

Convenient trigger control allows superior maneuverability in adverse conditions.

RIBBON AUGER

The ribbon auger mixes air into the snow, which makes the snow easy to handle and thereby ensures efficient clearing.

HUSQVARNA 5&5 EXCLUSIVE GUARANTEE

If the Husqvarna GS (Guaranteed to Start) engine will not start on the first or second pull then the engine is covered for 5 years* and will be replaced or repaired at no cost to the consumer.

* Available on select models. See Husqvarna.com for details
